

For Immediate Release

WDF Inc. Employees Walk for "Making Strides" Cancer Fundraiser

Mount Vernon, New York, October, 2008 – On Sunday October 19, 2008 under chilly clear skies, employees at WDF Inc., A GreenStar Company and the Number 1 Specialty Contractor in New York, made strides for cancer research, education and patient services by walking in the annual *Making Strides* Against Breast Cancer walk at the Manhattanville College campus in Purchase, New York. More than 15,000 people walked in the 15th annual event held in Westchester. WDF Inc. employees raised \$4,466.00

WDF Inc. (founded in 1929) is one of the nation's leading plumbing, HVAC contracting and specialty general contracting companies. They have joined with Five Star Electric Corporation and Nagelbush Mechanical to form GreenStar Services Corporation as a diversified full service construction company.

WDF Inc. has worked with the nation's leading owners, general contractors, architects and engineers on many significant construction projects including high rise construction, waste water treatment plants, educational facilities, transportation systems and infrastructure projects. Our projects serve the private and public sector markets.
